

If you could visit anywhere in the world, where would you go?

What is your one of your fondest childhood memories?

What has been your proudest moment? Why?

What would you do if you won \$1,000,000?

If you could go back in time, what would you tell yourself?

What made you laugh today?

What has been your favorite moment of the last week?

What would your perfect day look like?

What would be your dream job? Why?

What are you thankful for today?

What song title best describes how your day has been?

If you could keep one thing out of everything you have, what would it be?
